

A protection wear (for asbestos · dioxin, etc)

Asbestos/Dioxins/Soil contamination/Countermeasure Products

● **Must Guard A-104**

- Non-woven SMS material coverall.
 - This model has the most breathability in the Must Guard line-up.
 - JIS T 8115 Compliant
- *boot covers not included with product.

Usages: asbestos work/nuclear plant maintenance work/
glass fiber handling operations/dioxin handling operations/
machinery maintenance work and others.

● **Must Guard A-103**

- Non-woven SMS material coverall.
 - Excellent breathability despite being 4-ply texture for barrier function.
 - JIS T 8115 Compliant
- *shoe covers not included with product.

Usages: asbestos work/nuclear plant maintenance work/
glass fiber handling operations/dioxin handling operations/
machinery maintenance work and others.

A protection wear

| Product | Product Number | Size | Quantity |
|------------------|----------------|-----------|-----------|
| Must Guard A-104 | SMSFC | free size | 50 pieces |
| Must Guard A-103 | SMMSFC | free size | 50 pieces |
| Must Guard A-102 | A-102-M | M | 50 pieces |
| | A-102-L | L | |
| | A-102-LL | LL | |
| | A-102-3L | 3L | |

| Product | Product Number | Size | Quantity |
|----------------------------------|----------------|-----------|-----------|
| Must Guard A-101 | A-101-M | M | 50 pieces |
| | A-101-L | L | |
| | A-101-LL | LL | |
| | A-101-3L | 3L | |
| Must Guard A-104 boot covers set | SMSFC-SMSBC | free size | 50 sets |

● **Must Guard A-102**

- SF material coverall.
- Combined layers of non-woven fabric and moisture permeable film.
- High barrier function but moisture permeability over 350, releasing hot air during use.

Usages: asbestos work/nuclear plant maintenance work/
glass fiber handling operations/dioxin handling operations/
machinery maintenance work and others.

● **Must Guard A-101**

- SFS material coverall.
- This model has the highest barrier level in the Must Guard line up.
- This model boasts the best performance with SFS materials as well as breathability.
- Water resistance level: over 2,200 mm
- JIS T 8115 Compliant

Usages: asbestos work/nuclear plant maintenance work/
glass fiber handling operations/paint spray work/
dioxin handling operations/machinery maintenance work and others.

B disposable water proof protection wear (2-piece)

- superior water-repellent/proof, shuts out dirt and grime, very high dust-proof performance. Extremely high water-proof function, even higher than ordinal umbrellas.
- amongst disposable non-woven fabric wear, this product's material is extremely resilient to stretching and tearing, and will protect user from chemicals and abrasions.
- chemical suit type 4,5,6 compliant
- top and bottoms are separated for easy dressing.
- reflection tape attached for high visibility at night, enabling work safety.

B disposable water proof protection wear

| Product | Product Number | Quantity |
|---|----------------|-------------|
| disposable water proof protection wear top M | SFS-JM | 50 per case |
| disposable water proof protection wear top L | SFS-JL | |
| disposable water proof protection wear top LL | SFS-JLL | |
| disposable water proof protection wear bottoms M | SFS-PM | 50 per case |
| disposable water proof protection wear bottoms L | SFS-PL | |
| disposable water proof protection wear bottoms LL | SFS-PLL | |

*Being disposable, cannot guarantee total water-proof depending on usages.

C radiation protection wear set

- Must Guard A-102 and radiation protection vest set.
- radiation protection vest to be worn under Must Guard A-102 is non-lead, but has the same protection as the thickness of 2.5 mm lead.
- Must Guard A-102 is disposable, but the radiation protection vest can be used multiple times.
- Can also be worn under other Must Guard line ups. Can be used for decontamination work and provides a sense of security.
- M, L, LL, 3L sizes. radiation protection vest M, L, LL sizes.
(In the 3L size set, the LL sized X-ray protection vest will be available)

C radiation protection wear set

| Product | Product Number | Size | Quantity |
|-------------------------------|----------------|------|----------|
| radiation protection wear set | XRG-A-102-M | M | 1 set |
| | XRG-A-102-L | L | |
| | XRG-A-102-LL | LL | |
| | XRG-A-102-3L | 3L | |

D high molecular polymer

| Product | Product Number | Quantity |
|------------------------|----------------|-------------------------|
| high molecular polymer | 13300022 | 20 kg × 4 packs (80 kg) |
